

NEW

## Now Available: Hypertension Patient Education Brochure

A new resource for hypertension patient counseling and education is now available for complimentary download at [PharmacySatisfaction.com](http://PharmacySatisfaction.com).

With this latest brochure in the “Learn and Live” chronic disease series, pharmacists can provide educational information to hypertension patients while helping them play an active role in their health.

### Brochure highlights:

- Tips for managing and reducing blood pressure
- Risk factors
- Suggestions for adhering to a treatment plan
- Fast facts about hypertension
- Incidence rates by age and gender
- Questions to ask healthcare professionals
- Where to look for additional resources

Order complimentary copies of the Learn & Live chronic disease brochures and many other resources at [PharmacySatisfaction.com](http://PharmacySatisfaction.com).

### About Pharmacy Satisfaction™

The Boehringer Ingelheim Pharmacy Satisfaction™ Program supports the dialog between pharmacists and patients, helping pharmacists to be valuable resources for their patients and strengthening the pharmacist's role as a trusted and accessible healthcare provider.

No matter what your goals—improving patient counseling, strengthening clinical competencies, increasing patient compliance and adherence, and more—[PharmacySatisfaction.com](http://PharmacySatisfaction.com) is designed to serve as a one-stop source for customer care and satisfaction.

### About Boehringer Ingelheim Pharmaceuticals, Inc.

Boehringer Ingelheim Pharmaceuticals, Inc., based in Ridgefield, CT, is the largest U.S. subsidiary of Boehringer Ingelheim Corporation (Ridgefield, CT) and a member of the Boehringer Ingelheim group of companies.

The Boehringer Ingelheim group is one of the world's 20 leading pharmaceutical companies. Headquartered in Ingelheim, Germany, it operates globally in 58 countries with approximately 41,300 employees. Since it was founded in 1885, the family-owned company has been committed to researching, developing, manufacturing and marketing novel products of high therapeutic value for human and veterinary medicine.
